POSITION TITLE: MAINTENANCE SUPERVISOR IV –
Boiler, Water, Wastewater
Class C Ground Water, Class B Wastewater

SALARY GROUP: A17

DEPARTMENT: Facilities Division

Page 1 of 3

CERTIFICATION: I certify that, to my knowledge, this is an accurate and complete description of the essential functions and the conditions required for this position.

APPROVED BY: Thomas L. Vian DATE: 11/23/2011

POSITION #: 022355

I. JOB SUMMARY

Performs highly complex supervisory maintenance and construction work. Work involves overseeing maintenance and construction offender workers involved in the installation, care, and repair of state facilities and equipment. Works under limited supervision with considerable latitude for the use of initiative and independent judgment.

II. ESSENTIAL FUNCTIONS

- A. Supervises, inspects, schedules, assigns, and participates in general maintenance, construction, water, wastewater, and boiler work; and coordinates work assignments with other supervisors to ensure efficient use of resources.
- B. Prepares estimates of work hours, materials, and resources required for projects; initiates requisitions for materials and supplies; and prepares reports and maintains records of repairs.
- C. Trains and supervises offender maintenance and construction workers; and ensures compliance with applicable safety rules, regulations, and standards.
- D. Assists in maintaining the security of assigned offenders.

* Performs a variety of marginal duties not listed, to be determined and assigned as needed.

III. MINIMUM QUALIFICATIONS

A. Education, Experience, and Training

- 1. Graduation from an accredited senior high school or equivalent or GED.
- 2. Two years full-time, wage-earning experience in boiler operations or certified water or wastewater plant operator

or

associate's degree in Engineering or a related environmental technology field from a college or university accredited by an organization recognized by the Council for Higher Education Accreditation (CHEA) or by the United States Department of Education (USDE)

or

completion of an environmental program from a trade or technical school accredited by an organization recognized by the CHEA or the USDE

or

completion of a related environmental technology program from a U.S. military technical training school.

3. Experience in the supervision of offenders preferred.

Must possess or be able to obtain a Texas Commission on Environmental Quality (TCEQ) Class D Water license and Class D Wastewater license within one year of employment date.

Must possess or be able to obtain a TCEQ Class C Ground Water license and Class C Wastewater license within thirty-two months of employment date.

Must possess or be able to obtain a TCEQ Class B Wastewater license within four years of employment date.

Must maintain valid license(s) for continued employment in position.

Selected applicants without required license(s) must sign a *Credential Contingency Agreement* that will remain in effect only until the initially established expiration date. Failure to comply with this contingency statement will result in separation from employment. *Credential Contingency Agreements* will not be extended or renewed as a result of an employee's separation from employment or acceptance of another position.

B. Knowledge and Skills

1. Knowledge of basic components of boilers and water and wastewater treatment facilities.
2. Knowledge of maintenance policies, procedures, and techniques.
3. Knowledge of agency and departmental organizational structure, policies, procedures, rules, and regulations preferred.
